

Animate

- quickly design dynamic 2D and 3D drills and playbooks
- catalog playbooks and drills for rich, interactive training sessions

Communicate

- share animations with coaches and players to ensure consistency
- illustrate tactics, strategies and ideas

Coach

- use animations to coach your players on or off the court
- customize the animation for team and player coaching

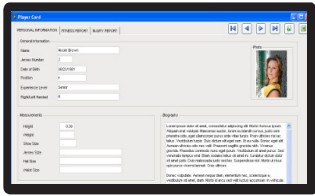

Collaborate

- collaborate with your staff and other coaches
- connect to shared resources and work together

**professional play and drill animation software
at a price you can afford**

eAssist™ animation software is the easiest-to-use on the market

Organize and track player data

- catalog player cards to track personal and performance information - i.e. fitness stats, height, speed, uniform and shoe size, etc.
- schedule and monitor strength and conditioning routines

Use animations as an effective coaching tool

- design, animate and present powerful playbooks ensuring precise team play
- maximize practice time with animated drills tailor made in minutes
- share your animations with coaches and players for optimal team performance

Develop game plans

- develop game plans based on eAnalyze™ competitive analysis
- arrange team line-ups using eChalkboard
- chart player match-ups and execute prepared game plans
